HOW TO READ ZOMBIE PALIN

THANKS

Justique Woolridge, Shawn Atkins, Seth Fronzoli,
Neal Shyam, and, of course, Sarah Palin.

FOREWORD

Oh, Sarah! In a little over a year and a half, you've gone from beauty queen governor to conservative anti-establishment icon.

I'm proud of you. Truly, I am. In fact, I'd like to thank you. That's right. I'd like to thank you for all the laughs. I'd like to thank you for not even coming close to living up to the incredible potential you've generated. If I must have an ideological antagonist, then I'm glad it's you. You make it so damn easy!

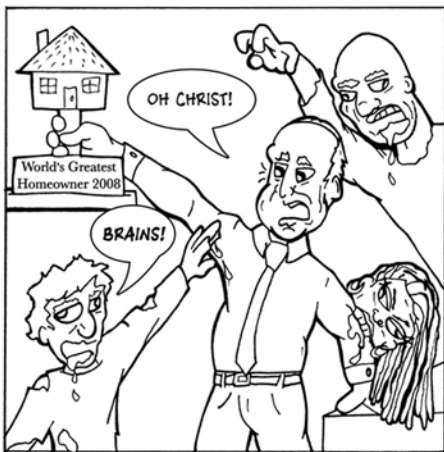

Most of all, I'd like to thank you for staying relevant. Whether it's your transparent grab at ongoing political fame by shamelessly hopping on the Tea Party bandwagon or by announcing your impending television series, Sarah Palin's Alaska, you've managed to stay in the limelight. And that works out great for me, because it means that I can keep printing up new copies of this very comic you now hold in your hands.

So thank you, Sarah, for being you -- for being ridiculous, for continuously loitering around American pop culture, and for being such great satirical fodder.

Nick Marino
